

Bat Emergence Survey

First things first – download the app! The inspection survey is conducted through the Survey123 app. This app is available from the App Store and Google Play.

1. Search your app store for the Survey123 app.
2. Download/install the app.
3. After installation, close Survey123

IMPORTANT: Do not open the app after it has finished downloading.
If the app opens automatically, close it. Proceed to Step 1 below.

1

Access the Survey

Open your web browser and type in the following URL or use your device's camera/QR Code reader. When you receive the prompt shown at the right, click "Open."

<https://arcg.is/1H0i9L0>

2

Enable Tracking

Allow the app to track your location (check "Only While Using the App.")

3

Complete the Survey

A window will open with survey instructions. In the lower right corner, click the arrow to begin your survey entry.

You are now able to enter your survey information.
